

Amendments to the Abstract

Please amend the Abstract as follows:

An ~~Disclosed is an~~ organic EL display panel ~~and a manufacturing the same, the EL display panel including an organic EL display panel including~~ includes a bulkhead for insulating an emitting cell from an anode strip[[,]]. The the emitting cell is formed from ~~having~~ an ITO strip, a supplement electrode, an organic EL layer, an ~~and~~ the anode strip, and at least one supplemental bulkhead. The supplemental bulkhead prevents ~~for coupling the bulkheads for preventing~~ the sealant from being ~~is~~ injected along a main ~~the~~ bulkhead and into the emitting cell, thereby preventing an inferior device from being produced ~~is reduced~~ and also yield is increased.
